Reports from Kansas telling shifting winds. of many fields being a total loss on account of damage from Hessian fly were chiefly responsible for the rally. Opening prices, which ranged from 5 to 112 lower with July at 1.12 to 1.1212 and September at 1.12% to 1.12% were followed by a virtually complete re-

Rapid progress of planting put the bulls at a disadvantage in the corn market. Advices were at hand telling also of greatly increased acreage. After opening unchanged to % lower prices underwent a material sag all around. Oats suffered a downturn with corn. Commission houses led the selling. Higher quotations on hogs made provisions advance. The best demand was for lard.

Subsequently the wheat market swung lower than before, influenced by heavily increased offerings on the part of leading concerns. The close was unsettled, % to 1% net lower, with July at 1.12% and September at 1.12½ at 1.12%.
